

# Tyler-SIS Parent Portal

Enhance your connection between your children and their education.

To begin using the Parent Portal, simply follow these steps:

1. Fill out the Parent Portal Registration form and return it to the school.
2. Your password will be emailed to the address you provided on the registration form.
3. Go to the Parent Portal web page <http://sdm.fz.k12.mo.us/fzco/parent>
4. Click on the Parents tab and then log in. You must be on the Parents tab in order for your login to work.

**If you have problems or questions about accessing the site, please contact the school where your child is enrolled.**

NOTE:

- If your email address changes, be sure to contact the school and let them know so your contact info can be updated.
- As part of the security procedures, the **ONLY** way to receive your password is by email. The school office cannot give it to you because they do not have access to your password.

---

Once inside the Portal, you will have access to several different areas of information for each child you have enrolled in the district. Each of these areas is explained below.

If you have more than one child enrolled, select which child's information you wish to view by clicking the Change Student(s) link at the top of the page.

Normally you will want to view information for the current school year, but if you have a need to view information from a previous school year, use the Change Year link.

If preferred, the Portal can be displayed in Spanish. Use the Select Language dropdown to select Español. This will translate the fixed text in tabs, buttons, and column headings. Note: Data entered by teachers and administrators will not be translated.

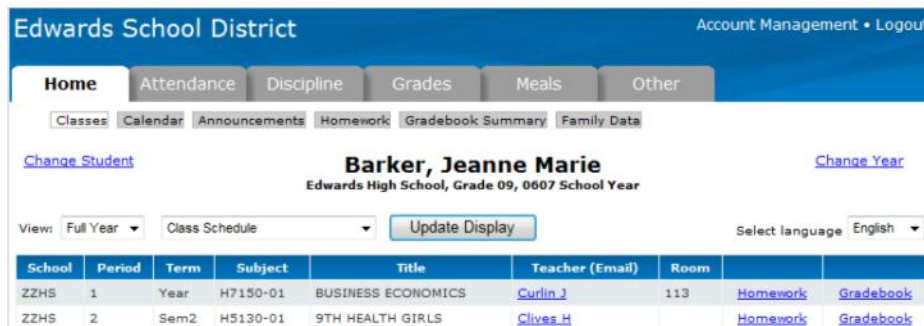

On any of the pages, if a teacher's name is underlined, it means an email address is available for that teacher. Clicking the name will let you send an email to them.

## Home Tab

### Classes

The drop-downs on this page can be used to select a specific semester, term, or the full year as well as to change between the student's class schedule, class change history, 4-year course plan, and class pre-registration requests.

From the class schedule, you can access the Homework and Gradebook for each class by clicking the appropriate link.

### Homework

Homework for the selected class displays on this page for a set period of time, determined by the teacher.

### Gradebook

This screen shows all entries from the gradebook (including all assignments and scores that have been entered by the teacher.) Use the drop-down lists to change the order of the grades or to select a specific term. Click the Update Display button to re-display the page based on your selections.

## Class Pre-registration Requests

Select *Class Pre-registration Requests* from the drop-down. NOTE: You will need to change to the next school year in order to use this feature.

The screenshot shows the parent portal for Jeane Marie Barker at Edwards High School, Grade 09, 0607 School Year. The 'Class Pre-registration Requests' option is highlighted in the dropdown menu. An arrow points from the text above to this option.

The screenshot shows the parent portal for Jeane Marie Barker at Edwards High School, Grade 11, 0809 School Year. The 'Edit Requests' button is visible next to the 'Update Display' button. An arrow points from the text above to this button.

## Calendar

The calendar allows for the viewing of homework assignments, absences and tardies, and discipline incidents for your students. Check the All Students box to see the data for all students or leave it unchecked and switch between students by using the Change Students link in the upper left corner. Holding the mouse over the icons on the calendar will display details for that item. NOTE: The default selections for what to display on the calendar can be set on the Account Management page.

Head Lice Alert

**ALERT:** This alert has been issued as the result of a higher than average incidence of head lice infestation.

Head lice do not carry any disease, nor does their presence mean that you or your child are dirty. Head lice can infest anyone. To prevent further spread of head lice to other students, this condition should be treated immediately. ## Special Additional Attendance

If the district tracks and reports attendance that occurs outside the normal school day, it will be displayed on this page.

## Attendance Steps

Districts have the ability to designate a point value for each absence (e.g. excused absences might count as five points, excused absences count as one point, etc.) These points are then totaled and letters are mailed to the parents of students who have more than a certain number of points. Contact the district for details about their Attendance Step policy.

## Grades Tab

### Letter Grades

All grades for the year for the student are displayed on this page. These are the final grades received for each period. These grades do not appear until the final grade has been assigned for the specified period.

The Preferences section allows you to set the default items you wish to show on the Calendar page. Checking All Students will make the calendar show all of your students, regardless of which student is currently selected for viewing.

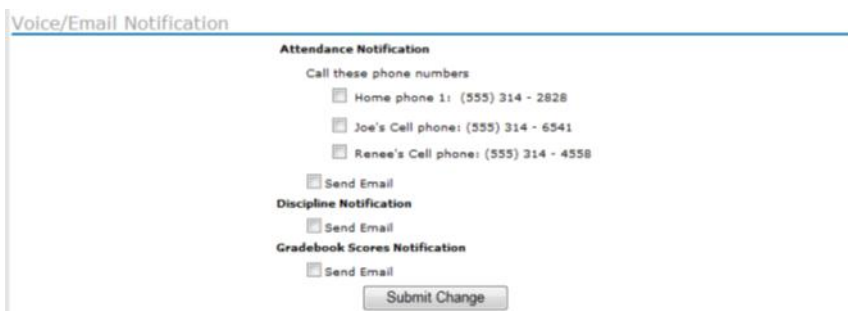

If you want to alter your password, you can do so in the Change Password section.

If your district has the automated calling feature installed, you will automatically receive a call at your home phone number when attendance notifications are triggered. The district may also give you the option of selecting alternative or additional numbers to have called. Simply check the box next to each number at which you wish to receive the notification.

In addition, you may also choose to opt out of receiving email notifications regarding attendance, discipline incidents and daily gradebook scores by unchecking the appropriate boxes.
